Manual: 13A-Quality and Requirements Management Program Documents

Change Number: 88193

1. PURPOSE

The purpose of this list is to show the crosswalk between old document titles and new document titles for the quality assurance program.

Requirement reference changes may be made when it is cost effective, such as when other substantive document changes are needed. Therefore, some INEEL procedures, plans and program descriptive documents may reference old quality assurance program document titles. The table below identifies changes in the quality program description and requirements documents effective June 1, 2001.
